SER, ERM

The State Emergency Relief (SER) manual has moved from the Program Policy manual group to a manual group of its own effective 10/1/2007. The manual is called the State Emergency Relief Manual but will use the acronym ERM (emergency relief manual).

State Emergency Relief will display in the manual group on the Open/Jump/Search (OJS) panel when online manuals open. SER will be available historically but will no longer show under Program Policy in the current version of the OJS. To view the the SER manual historically, change the "Effective Date" in the OJS a date on or before September 1, 2007.

Refer to the "List of Manuals" desk aid which lists all manuals currently in production and provides a description of each three-character code listed in the OJS.
